PROJECT SPOTLIGHT - BASH

<https://github.com/potluck-events/potluck>

- A collaborative event planning app using React and Django Rest Framework.
- Collaborated on planning and wireframing, lead front-end development and supported API design.
- Styled a modern UI using Material UI components.
- Designed and integrated multiple key features including a global notification system, multi-invite system, post/ chat board, Venmo attachment, dashboard organization and profile customization options.

PROFESSIONAL EXPERIENCE

Manager/ Lead

Kipos Greek Taverna | 2014 - Current

- Implemented a Wine training program that increased all bar sales by 75%.
- Kipos is a high volume, semi-fine dining Greek cuisine restaurant. My job is to lead service from the server perspective, accommodating all VIP guests while setting an example of service to all other front of house employees.
- Lead team meetings with front of house employees.
- Input paperwork at the end of night closing period.

Tour Manager/ Band Manager/ Musician

The Second After LLC | 2014 - 2023

- Organized and executed national tours, managing logistics, scheduling, and budgeting
- Collaborated closely with band mates and agents to deliver engaging live performances, fostering strong teamwork and synchronization
- Adapted quickly to changes in environments and timelines
- Developed strong communication and problem solving skills while navigating the challenges of growing a brand
